

achdut israel

ABOUT US

Achdut Israel was founded in response to the October 7, 2023 attacks with a mission to strengthen the bond between Jews and the land of Israel while supporting those who protect it. We are dedicated to promoting Zionist education, fostering pride in Israel's history and achievements, and empowering Jewish communities worldwide through self-defense training and connection to their homeland. At the same time, through multiple initiatives, we provide vital resources and unwavering support to Israeli soldiers, their families, widows, orphans, and amputees, ensuring they are never left behind.

OUR PLATFORM

STRENGTHENING JEWISH BONDS

Inspiring pride and connection to Israel through Zionist education and shared heritage.

EMPOWERING COMMUNITIES

Providing self-defense training and tools to strengthen Jewish resilience worldwide.

SUPPORTING SOLDIERS

Delivering aid and resources to soldiers, families, widows, orphans, and amputees.

BUILDING ISRAEL'S FUTURE

Promoting settlement and development to secure Israel as a thriving Jewish homeland.

The ones who need it the most.

The mission of our slate centers on ensuring safety and security for Israeli citizens, Jewish communities worldwide, and the soldiers who protect them. This includes providing resources for self-defense, fostering resilience against antisemitism, and safeguarding the well-being of those on the frontlines. We are equally committed to strengthening the diaspora's connection to Israel and advancing the Zionist dream of settling the land. By supporting the settling of the country and creating affordable housing that extends to all corners of Israel, we maintain truly defensible borders, securing a thriving homeland for future generations. Together, we protect and preserve the strength and unity of the Jewish people.

The time is now.

Our slate's mission is more critical than ever as Israel and the Jewish world work to recover from the devastating attacks of October 7, 2023. These events left countless soldiers injured, families displaced, and communities shaken. The need to support soldiers who have sacrificed everything, provide for their families, assist those facing life-altering injuries, and ensure they have a future beyond the battlefield is urgent. Equally important is strengthening the connection between the Jewish diaspora and Israel by fostering pride in Zionism and advancing the settlement of the land to secure defensible borders and affordable housing. Rising antisemitism worldwide further underscores the need to empower Jewish communities with the tools to protect themselves and thrive. Voting for Achdut Israel is voting for a stronger, healthier, and thriving Jewish nation.
