FOR ISRAEL

Vision and Purpose: Founded in 2002, the American Forum for Israel is dedicated to advocating for Israel's security and ensuring the representation of American Jews in the World Zionist Congress. Guided by the enduring principles of the Torah, we drive transformative policies and enhance Jewish unity across the globe, rooted in Jewish traditional values. We emphasize the importance of a united and indivisible Israel, the development of settlements, and the promotion of Aliyah to strengthen the fabric of the nation.

Core Initiatives:

- **Comprehensive Security for Israeli Citizens:** We prioritize the safety of all Israeli citizens, particularly children, by funding bomb shelters and upgrading medical facilities throughout Israel. Our initiatives are committed to preserving life and ensuring comprehensive protection for every Israeli citizen.
- **Support for the Israeli Defense Force:** We provide steadfast support to the IDF, advocating for the immediate return of all hostages. Our relentless advocacy underscores our commitment to Israel's security.
- **Dynamic Educational Campaigns:** We conduct educational initiatives to deepen global understanding and support for Israel. Our campaigns emphasize the strategic importance of Hebrew education, reconnecting our community with its Zionist roots and enriching our collective heritage.
- **Robust Antisemitism Counteraction:** AFI proactively combats antisemitism through hundreds of organized rallies and strategic campaigns nationwide, enhancing the security of Jewish events and strengthening community centers.
- **Support for Communities and Synagogues Nationwide:** We extend our support to Jewish communities and synagogues across the country, helping to fund their activities and ensuring they thrive as centers of learning and spirituality.
- **Promotion of Settlement Development and Aliyah:** We are committed to the expansion and development of settlements, viewing them as vital to the state's growth and resilience. We actively promote Aliyah, encouraging Jews worldwide to return to Israel, strengthening our national unity.
