

For the Jewish People,
their homeland, and humanity

JOIN OUR MOVEMENT TODAY!

WWW.COMBATANTISEMITISM.ORG

➔ WHAT WE DO

CAM educates about anti-Semitism, reports on its various manifestations and gives a platform for people to tell their personal stories.

We highlight those making a difference, and most of all, activate people to make an impact with unique campaigns initiated by CAM and those of its partners.

➔ OUR BELIEFS

Humanity flourishes when religious, ethnic, and cultural diversity is respected, and we hope to encourage understanding and set an example through our work.

The CAM Pledge draws upon the IHRA definition of anti-Semitism and its list of specific behaviors used to discriminate against the Jewish people and the Jewish State of Israel.

➔ OUR COALITION

Since its launching in February of 2019, **over 310 diverse organizations and 309,000 individuals** from around the world have joined the movement by signing our campaign's pledge.

➔ OUR ACTIVISM

Through our Venture Creative Contest, we crowd-source solutions to end the world's oldest hatred. We craft collaborative campaigns with our partners while highlighting their initiatives to our audience. Stay tuned for upcoming CAM contests.

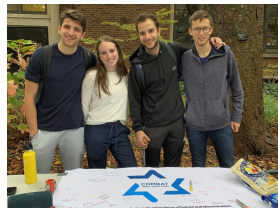

CAM initiates unique and viral calls-to-action to help raise awareness about anti-Semitism, while also supporting and providing education about important legislative initiatives. Our new Ambassador Program engages more people in the fight against anti-Semitism.

COMBAT ANTI-SEMITISM MOVEMENT

Combat Anti-Semitism (CAM) is a non-partisan, global grassroots movement of individuals and organizations, across all religions and faiths, united around the goal of ending anti-Semitism. The CAM Movement initiates its own campaigns and projects and supports and highlights the work of its many partner organizations, governments and other bodies trying to fight anti-Semitism.

Most importantly, please sign the online pledge, tell your friends and coworkers, and even join our notable signers and post your own picture on social media signing the pledge.

➔ REAL STORIES

CAM believes in the power of storytelling to educate people about the reality of anti-Semitism. By telling personal stories from everyday victims, we are able to demonstrate that anti-Semitic incidents, small and large, are happening nearly every day.

➔ WEEKLY NEWSLETTERS

Our comprehensive newsletters are a resource for anti-Semitism related news, aggregating global anti-Semitism content on a weekly basis.

While our weekly newsletter mainly shines a light on those committing acts of intimidation and violence, it also highlights government leaders and humanitarians working to combat anti-Semitism.
