

VOTE TO PREVENT THE NEXT OCTOBER 7TH

STAND FOR JUDEA & SAMARIA

The "land for peace" delusion must end. October 7th proved what we've always known: **a Palestinian state in our biblical heartland would become a terrorist breeding ground threatening Israel's existence.** The entire Land of Israel is the eternal homeland of the Jewish People - this isn't politics, it's truth. Israel365 Action will fight to end discrimination against Jews in Judea and Samaria, redirect funding to strengthen these communities, and proudly educate Jews worldwide about their heritage in these sacred places. No more apologies, no more appeasement.

BUILD STRONG FAITH ALLIANCES

While establishment leaders wasted their time with interfaith dialogue with those who hate us, they ignored **our truest friends - faith-based Christians who stand with Israel because of their biblical values.** In the wake of October 7th, these communities proved to be Israel's most reliable allies, while our progressive "friends" showed their true colors. Israel365 Action will invest in these vital relationships, particularly focusing on the next generation of Christian supporters, ensuring strong backing for a secure, united Israel continues into the future.

PROVIDE NEW LEADERSHIP

The Jewish establishment's October 6th mindset has catastrophically failed us. Their weakness and self-delusion led to October 7th, yet they still cling to the same failed policies. Their apologetic and **timid leadership has created a generation of young Jews who are more likely to support a Palestinian state than stand proudly for their own heritage.** Israel365 Action will revolutionize Zionist education and cultivate bold new leaders who speak truth without apology: The Land of Israel belongs to the Jewish people, and Israeli sovereignty over our entire biblical homeland is the only path to true peace and security.
